

Instructions for submission

Changing Perspectives

One section, with a black frame surrounding the text, concerning something that has recently left medicine or that should leave in the near future. Write down a short history about the rise and fall of for instance a certain treatment, disease/syndrome or diagnostics. For example: the use of D-dimer, or bedrest.

Maximum amount of words: 200.

Please submit your column as a Word-document via www.amsj.nl.
